Pastry products

Sottoriva S.p.A. is a leading company in the production of machinery and equipments for bread and pastry making. The company rose at the end of the 40's with very few means on the initiative of brothers Giuseppe and Claudio Sottoriva and quickly grew asserting its authority on the Italian market as well as all around the world. Thanks to the employment of sophisticated technologies and highly trained staff, Sottoriva nowadays produces machines and ovens with a wide range of machines and ovens able to meet any bakers' and confectioners' needs. Such trade-mark of declared prestige is warranty of products quality and services offered by Sottoriva to all its customers.
